Our Mission

disABILITY LINK is an organization led by and for people with disabilities and promotes full participation in community life.

Peer Led

We are unique because we are an organization that is comprised of people with disabilities. We are required to have 51% of our staff and board be people with disabilities. Over 90% of our staff are people with disabilities.

Cross Disability

disABILITY LINK is also an organization that works with people of all disability backgrounds. We work to tackle barriers that impact people with disabilities from all experiences. We want to empower people to enhance their lives as well as the community.

The Core of What We Do

All Centers for Independent Living offer five core services, these are the essential services to increase independence and community engagement.

Independent Living Skills

Whether it's designing a budget, learning to use mass transit or personal safety, we offer individualized training that enhances a person's independence.

Advocacy

It is important to make your voice heard and create the change you want to see, we offer services for personal and systems advocacy.

Transition

We support people to live in the communities of their choosing, whether it's moving from an institution, or your parent's house.

Peer Support

The support of a peer is both powerful and meaningful, we incorporate peer support in all of our services.

Information and Referrals

We maintain a database of local resources that range from housing to legal assistance. Call, e-mail or come in for info.

Additional IL Services

We offer additional services that depend on partnerships with the community and fund availability.

Employment

We are a Georgia Vocational Rehabilitation contractor as well as Ticket to Work Employment Network. In addition, offer our weekly Locating Employment Avenues with Peer Support (LEAPS) program.

Assistive Technology

Through a mix of one-on-one and group trainings we can help you find technology to increase your independence.

Transportation

We offer travel training as well as our Voucher Program to ease the cost of travel while making a sustainable transportation plan.

Independent Care Waiver Service Coordination

We offer service coordination services for those that receive the Independent Care Waiver.

Health and Wellness

We offer a variety of classes and services to increase your well-being in a manner that works for you.
